Sir,

Purchase of a Typewriter.

6277 Agb 3/4

In continuation of this office letter No.377 dated the 27th March 1945, on the above subject, I have the honour to state that the Secretary, Stores Purchase Committee, who was addressed in the matter of the purchase of a new typewriter for the use of this office states that owing to a limited supply of typewriters to the Indian Market, their sale to the public is still strictly controlled by Government and that in the circumstances it may not be possible to obtain a new machine for this office in the near future He has therefore advised this office to go in for a second-hand machine In his latest letter dated the 21st February 1946 he writes that a brief size Remington Typewriter No 16 (second-hand) with all original parts in good condition has been offered for sale at Rs 675/- This machine was inspected by the Typist of this office and is reported to be almost new and in good working order From the talk I had with the Secretary, it is gathered that if we miss this opportunity, we may not get another chance of securing even a good second-hand machine until the supply position in India improves I have therefore asked the Secretary to purchase the machine immediately in anticipation of sanction of Government I request my action may kindly be approved The cost as stated will not exceed Rs 675/-

I have the honour to be,
Sir,
Your most obedient servant,

CHAIRMAN,
